

**Prepared for:** Home Health Agency

999999 **Affiliation:** Free Standing

**City:** Anytown

**State:** US

**2011 Status:** HomeCare Elite

### Report Interpretation Guide

- All graphs demonstrate your agency's current performance compared to HomeCare Elite agencies in your state and to the overall state norm.

#### Quality of Care

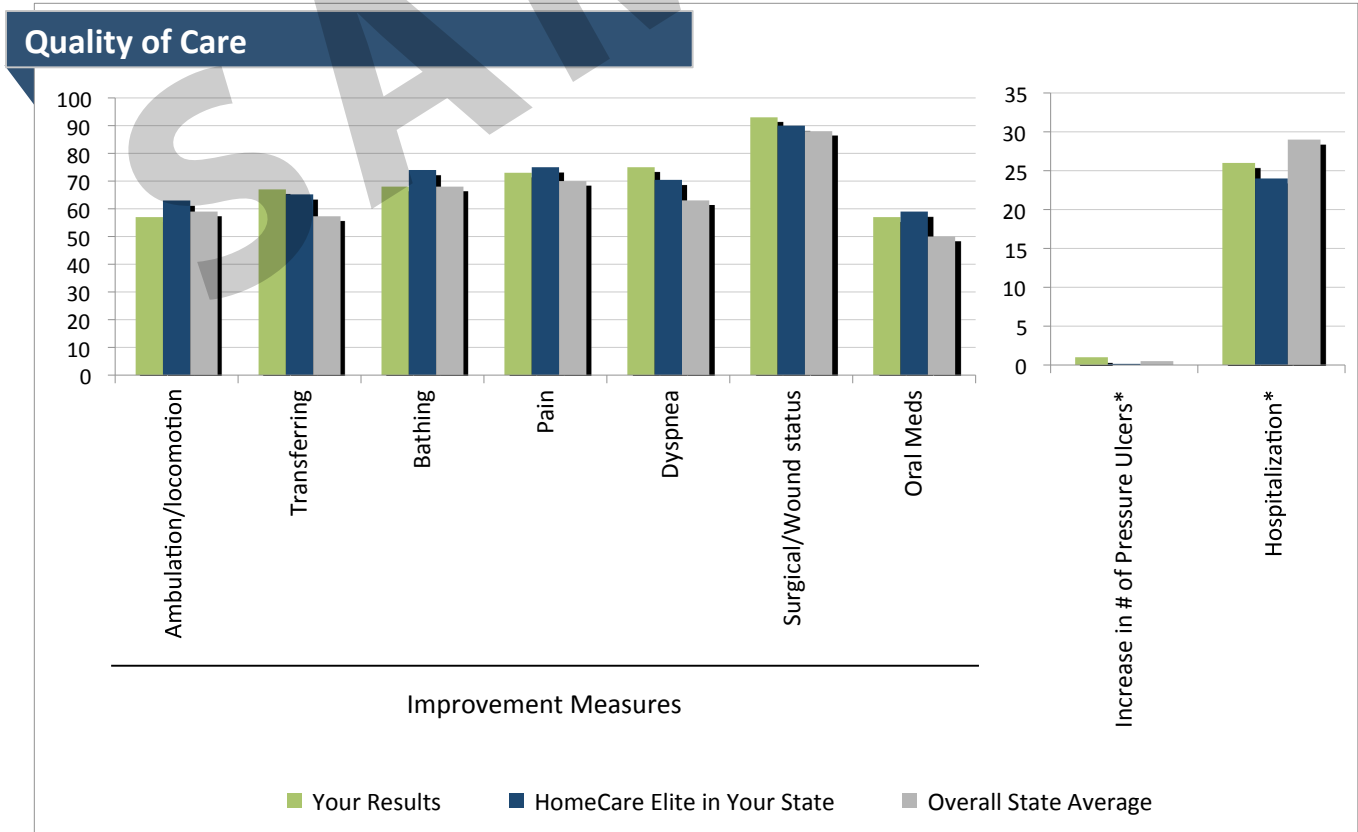

- Results are based on data from the nine outcome measures published on Home Health Compare (HHC) in July 2011.

#### Process Measure Implementation

- Results are based on comparing data from the 13 process measures published on HHC in July 2011.

#### Financial Performance

- Results are based on Medicare Cost Report data published in August 2011.
- Fiscal year 2010 data was used when available; when 2010 data was not available, fiscal year 2009 data was used (after being adjusted, based on median change rates).
- Overall net income was used to evaluate free standing agencies. Medicare net income (excluding supply costs) was used to evaluate hospital-based agencies.
- Financial Performance Data is representative of similarly affiliated organizations. For example, if you are facility-based, norms include other facility-based agencies only.

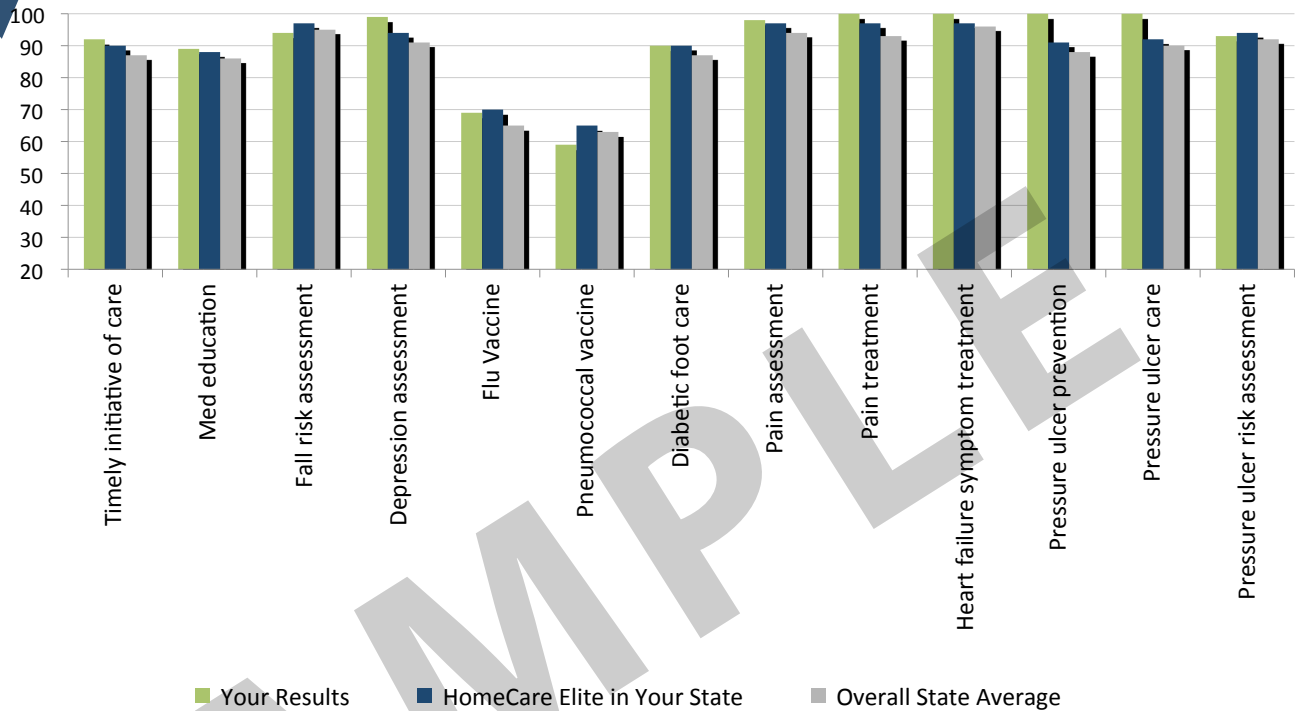

\* Lower is better; all others, higher is better
